Objectives/ About the Conference

With great pleasure Academy of Technology (AOT), Adisaptagram, Hooghly, WB, India announces its 3rd International Conference on Computer, Communication, Control and Information Technology (C3IT-2015) to be held during February 7 - 8, 2015 in the college campus. The prime objective of the conference is "to maintain the tradition of academic achievements as a way of life through mutual exchange of information". In this platform we have already invited renowned academicians, scientists and industrialists to enlighten the new generation of faculty members and students about the present trends in modern science and technologies. We now invite young and talented educationalists with innovative ideas to propagate their scientific and technological thoughts and research findings for the benefit of the rural and urban people of our society. As an outcome, we have plans to enrich the academic culture at AOT for the manifestation of perfection in teaching and research. In addition to the above, the conference C3IT-2015 aims at sharing knowledge between participants and thereby improving the international cooperation and collaborative research in the above exciting fields of applications. The two days program will include keynote address and invited talks from eminent scientists, distinguished faculty members and industry experts from India and abroad. The conference will comprise paper presentations, poster presentations, student paper competition and panel discussions about the scope of collaborative work.

About the Organizer

Academy of Technology (AOT) – a self financed engineering college affiliated to West Bengal University of Technology – was established in 2003 by Ananda Educational Development & Charitable Organization (AEDCO). Today, after a span of just eleven years, the college has emerged as an acclaimed centre of technical education in West Bengal. With the able guidance of the Chairman, Prof. Jagannath Banerjee, an alumnus of IIT Kharagpur and IIM Kolkata, the college strives to achieve national standing in education and innovation. The strong faculty base, which includes renowned academicians from IITs, NITs, JU, BESU and CU as well as fresh talents, proves that an effective synthesis of experience and youth can achieve incredible results in a very short time. The institute values independent thinking and creativity, and encourages a vital social and cultural life at the campus. It inspires a culture of learning in the students and is committed to their all-round personal and professional development.

Paper Submissions

Prospective authors are requested to submit their manuscript (full length paper) in pdf format, not exceeding 6 pages in A4 size through online submission procedure at <https://www.easychair.org/conferences/?conf=c3it2015> on or before August 31, 2014. The manuscript should be in IEEE conference format. Authors may access the Conference Template given in the website (<http://c3it2015.aot.edu.in/callforpaper.html>). Submitted papers must not have been published previously and they must not be currently under consideration for publication by another Conference/Journal. All submissions will be handled electronically and submitted papers will be peer reviewed by the panel of reviewers maintaining the standard of IEEE.

The submitted paper should NOT have the authors name in it

Publication

Accepted and presented papers will be published in the final Conference Proceedings which is also eligible for publication in **IEEE Xplore®**. Author(s) of accepted papers will be requested to submit camera ready paper in pdf format using IEEE PDF eXpress along with IEEE copyright transfer form during the submission of camera ready paper. Necessary instructions and URL will be uploaded on website in due time.

Location

Academy of Technology, located by the side of G. T. Road (West Bengal, India), is only 200 meters from Adisaptagram Railway Station, next to Bandel in Howrah-Burdwan main line [Eastern Railway]. It is only 65 minutes of train journey from Howrah Railway Station. Besides, the Institute is 9.4 km away from Kanchrapara Railway Station (North 24 Parganas) and 10.4 km from Kalyani Railway Station (Nadia). Kolkata Airport is only 47 km from the Institute.

Other Places to Visit

Imambara, Hooghly (Centre for Islamic Studies)

Built by Hazi Mohammad Mohsin, it is one of the most impressive pieces of Islamic architecture in Hooghly. Presently turned into a

Madrassa, it serves as a place of learning of Muslim texts and scriptures.

Bandel Church (The Basilica of the Holy-Rosary)

The Bandel Church is one of the oldest Christian churches in West Bengal, India. It stands as a memorial of the Portuguese

settlement in Bengal. Built around 1660, it is dedicated to Nossa Senhora di Rozario, Our Lady of the Rosary.

Hanseswari Temple (Hindu Temple of goddess Kali)

The Hanseswari temple has a distinctive architecture, consisting of 13 minars, each built as a blooming lotus bud. The inner

structure of the building resembles human anatomy. It was started by Raja Narsingha Deb Mahasay and later completed by his wife Rani Sankari.
